

Do you want to learn more about growing plants from seeds or cuttings? Are you interested in grafting or dividing your plants? Then Purdue University's award-winning **Plant Propagation** CD can help!

Use the CD to learn everything you need to know about seed germination and seedling care, cuttings, divisions, layering, and grafting. You'll find hundreds of photos, videos, illustrations, and animations, all designed to help you grow new plants. Purdue's **Plant Propagation** CD – it's kind of like a book, kind of like a hands-on class – but better!
