Earn 3.0 Purdue Master Gardener Education Hours

Everyone loves getting new plants!

Learn how to grow your own – from seeds, cuttings, even from your neighbor's plants. In this hands-on class you'll learn how to plant a seed and nurture a seedling. You'll take cuttings from houseplants and perennials – and take some home, too.

Interested in layering or dividing? Of course, we'll cover those. Best of all, you'll learn not only the "how" of the techniques but the "why" also. Soon you'll be propagating like a pro.

Please feel free to bring a plant you want to propagate and we'll use it as a demonstration for the whole class.

Instructor: Mary Welch-Keesey

- Purdue Consumer Horticulture Specialist, based at the Dick Crum Resource Center at White River Gardens, Indianapolis.
- MS-Horticulture (Purdue); PhD-Biochemistry (Rice)
- Author of Purdue ***Plant Propagation*** CD-ROM course.
- Education Programming Specialist for the Purdue Master Gardener Program.

If you have special needs, please indicate on the registration form or call us by June 22nd at 219-324-9407 and ask for Gene Matzat.
